

Rafting Business For Sale

Rivers Wild Ltd. has been operating rafting and kayaking trips on the West Coast since 2000. It has a reputation as a professional and safe operation with a focus on superior customer service. An overview of the business can be obtained by visiting www.riverswild.co.nz.

The West Coast is renowned for having rivers that have incredible whitewater, amidst stunning scenery. Rivers Wild has DOC concessions to operate trips on 14 different rivers. The most popular day trips are the Perth and Whataroa Rivers, while the Karamea, Landsborough and Waiatoto Rivers provide the ultimate multi-day river experiences in New Zealand.

With a Certificate of Compliance from Maritime New Zealand and a highly developed Safe Operations Plan, all the work has already been done to establish Rivers Wild as a turn-key business.

This exciting opportunity will appeal to an established rafting or tourism business wishing to leverage their marketing potential by selling a second trip to existing guests who will travel to the West Coast. Experienced raft/kayak guides may also be attracted to the possibility of procuring Rivers Wild so that they could step into an established business in which all the initial work has already been done.

Businesses or individuals who are serious about finding out more information on the sale of Rivers Wild can contact the founder Adrian Fogg at info@riverswild.co.nz or by phoning 0800 GO WILD (0800 46 9453).
